Pedro Machado	United Kingdom	pedrommcmachado@gmail.com

Please contact the individual directly.

How to become a EULAR Recommended Methodologist:

Interested rheumatologists under 40 years of age may get in contact with the chair of EMEUNET (emeunet.education@gmail.com). The organisation will provide you with all relevant details on how to be involved as junior co-methodologist.

Interested rheumatologists over the age of 40 are asked to contact the EULAR Secretariat (Patrizia.jud@eular.org). The secretariat will coordinate the involvement as co-methodologist for EULAR projects in collaboration with the EULAR Standing Committee chairs.
